## Architectural Testing Announces Composite Deck Boards in CCRR-0108, Not Part of CPSC Product Recall

### Veranda™ and LP WeatherBest® by Louisiana-Pacific Recalled

Washington, D.C. May 13, 2009: the U.S. Consumer Products Safety Commission (CPSC) announced a voluntary recall of composite decks manufactured by Louisiana-Pacific in Meridian, Idaho (CPSC Release #09-217). The recall includes outdoor deck boards and railings under the brand names Veranda® and LP WeatherBest®.

This notification is to advise the public that the composite deck boards recognized in Architectural Testing Code Compliance Research Report, CCRR-0108 and identified as Veranda™ and WeatherBest® are manufactured by Fiber Composites in New London, North Carolina. They are not manufactured by Louisiana-Pacific and are not included in this product recall.

For more information on the product recall, please go to:
