

VSI Certified Installer Program ***Official List of Certified Installer Companies***

VSI's *Official List of Certified Installer Companies* is updated when there is a change to the registry. VSI recognizes an installation company as a Certified Installer Company based on the following criteria:

- Compliance with the *VSI Certified Installer Program Guidelines*;
- An acceptable quality control program; and
- At least one Certified Installer or Trainer present per job crew where vinyl siding installation is performed.

For more information about the *VSI Certified Installer Program*, visit the VSI website at www.vinylsiding.org.
